## Food Guide

### Here is our guide to festive feasting...

#### Meat Producers

When you are stocking up on Sunday remember to place your order for all your **Meat** needs! Roasting a Rib or planning a platter... look no further!

#### Veggie & Vegan

We have a lovely range of food producers offering amazing products to suit every diet. Check out the traders below if you are catering for large numbers and need something special. Again we recommend that you get your orders in ASAP!

#### For Afters...

You have had the main course and now its time for... Cheese & Chutneys from the Chris' or amazing Desserts and Cakes from Saucy Desserts and The Treats Darling? Why 'or'? Why not have them all?

#### And finish with something really special...

For a perfect *petit four* or a charming gift these will always go down well. Handmade Chocolates from the Co Co Company or Traditional Homemade Scottish Tablet in a variety of flavours from Ivy's Vintage Tablet...

#### Useful ingredients to have in...

You can't glaze those parsnips without the honey! Spice things up a bit with some Legendary Hot Sauce. We cannot recommend the Pasta Bomb from Stonehouse Smokery enough. Get creative with your leftovers!
